- Tympanometry
- Acoustic reflexes

Other services

- Custom hearing protection, custom headphones, and swim molds
- Musician earplugs and monitors
- ENT services

Our Process

We provide comprehensive care for **infants through adults** using the most advanced technology.

Our audiologists recommend that you bring a family member or friend with you to your appointment. It is helpful to use a familiar voice in testing and hearing aid demonstrations.

Why have your hearing tested?

1 in 3 people over age 60 have hearing loss

1 in 5 teenagers have some type of hearing loss

1 in 14 Generation Xers already have hearing loss

1 in 6 baby boomers have hearing loss

“The prevalence of moderate to severe depression is higher among adults with hearing impairment.”

National Institute on Deafness and Other Communication Disorders (NIDCD)

Adults with **mild loss** = **2x more likely** to develop dementia

Adults with **moderate loss** = **3x more likely** to develop dementia

Adults with **severe loss** = **5x more likely** to develop dementia

Hearing Self Check

- | Yes | No | |
|--------------------------|--------------------------|--|
| <input type="checkbox"/> | <input type="checkbox"/> | 1. Do you have problems hearing in places where there is a lot of background noise? |
| <input type="checkbox"/> | <input type="checkbox"/> | 2. Do you find it difficult to understand someone if they are not facing you? |
| <input type="checkbox"/> | <input type="checkbox"/> | 3. Do family, friends or co-workers complain that you are not hearing them? |
| <input type="checkbox"/> | <input type="checkbox"/> | 4. Do you have difficulty hearing over the telephone? |
| <input type="checkbox"/> | <input type="checkbox"/> | 5. Do you find it difficult to understand conversations in group settings? |
| <input type="checkbox"/> | <input type="checkbox"/> | 6. Do you feel that people mumble or do not speak clearly? |
| <input type="checkbox"/> | <input type="checkbox"/> | 7. Do you think your current hearing ability may limit your personal or social life? |
| <input type="checkbox"/> | <input type="checkbox"/> | 8. Do you prefer the TV louder than others do? |
| <input type="checkbox"/> | <input type="checkbox"/> | 9. Do you or did you work or play around loud noise or music? |
| <input type="checkbox"/> | <input type="checkbox"/> | 10. Do you feel embarrassed meeting new people because you may not understand them? |

If you answered 'yes' to at least two of these questions you may have hearing loss and you should have your hearing tested.
